# Climate Action Championship

## Ducky on your phone

Participating in the Sustainable Kildare Climate Action Championship on your phone using the **Ducky Challenge app** is a simple easy way to check in every day. Below are the easy steps on how to set up the Ducky Challenge app on your smartphone.

### For Android:

- Open Chrome or Firefox
- Go to [app.ducky.eco/en](https://app.ducky.eco/en)
- Accept the notifications (these are handy for during the campaign to remind you to jump on and log your daily climate friendly actions)
- On the bottom of your browser, you will see a notification "**Add Ducky to Home screen**". Click on this.
- Now you have Ducky as an app on your home screen

### For Apple and iOS,

- Open your Safari or Firefox browser.
- Go to <https://app.ducky.eco/en>
- Click on the share button (the square with the arrow pointing up)
- In that menu there is an option to **add to home screen**. Click this option.
- Now you have Ducky as an app on your iPhone

Now you have the Ducky Challenge app set up on your phone

A few days before the next Challenge you will receive your invitation challenge code. Use this invitation code to join your teammates on the next challenge
