Sustainability Workshops

GAP offers a range of practical workshops, for staff and also their families.

Grow Your Own in GLAS

This 3 hour hands-on workshop in one of our GLAS gardens gives your team all the hands-on skills to grow their own food, at home.

While having fun outdoors and supporting our community gardens, you and your team will also get:

- Hands on experience in how to grow your own vegetables and salads;
- Expert advice during the workshop;
- A starter pack to take home.

Workshops for Families

These two workshops give you a way engage the wider family of your organisation and engage them in your sustainability mission

Nature Explorer for Families

An outdoor nature connection workshop for families where together they learn about the natural world around them, learn new skills and share the experience together.

Where: Local Park or GLAS Community Garden

Duration: 2-3 hours

Ages: 4 - 99+

Group Number: up to 25

Imagining our Future Together

This planet, Earth, is our shared home. How we live each day matters for all who live here and all who will live here in generations to come. Together we explore what the future may bring for us, our families, our organisation, our communities and our planet.

Where: Your Office

Duration: 2-3 hours

Ages: 4 - 99+

Group Number: 15 - 30

Corporate Volunteering

Grow Together with Purpose

Discover the transformative power of team-based volunteering with Global Action Plan's GLAS community gardens.

Our gardens in Dublin, and our partner sites in Waterford and Cork, offer a unique opportunity for your team to engage in meaningful activities that benefit both your staff and the community.

Volunteer, Grow and Support Social Inclusion

Our GLAS social inclusion and environmental education programme depends on donations to continue. By joining us, your team can help keep the gardens safe and accessible for people of all abilities and ages, and your donation helps cover the costs of running this unique programme, with proven benefits for urban communities.

Our sessions are tailored for groups of 5 to 25 participants and include all necessary equipment, expert guidance and refreshments to ensure a rewarding experience for all involved.

Build your sustainability culture in a fun way

Climate Competition support you in creating an inviting and empowering environment for climate action.

With a range of topics to choose from, our digital competitions are designed to build awareness, encourage teamwork and integrate sustainability into your company's culture at scale. Taking part in the Challenges demonstrates real, measurable CO₂ savings tracked in real time, and offers a platform to connect your employees on your ESG journey.

The image shows a screenshot of the Vyra platform. At the top, a purple curved bar highlights the 'Blockchain' section. The main dashboard includes a 'Welcome, User' message, a summary of 4 total courses and 4 total certificates, and sections for 'My courses' and 'Upcoming courses'. The 'My courses' section shows three courses: 'Biodiversity For Business' (In Progress, 34%), 'Earth Day 2024' (Not Started, 1h Leadership), and 'Sustainability For Business' (Failed, 1h Leadership). The 'Upcoming courses' section shows a course starting on 27th May: 'SUSTAINABILITY 101'. On the right, a detailed view of a blockchain-issued certificate for 'Biodiversity For Business' is shown, featuring a purple design and a QR code.
